Project Type

Leak survey and mapping of gas system, as well as repair.

Scope

Complete leak survey and mark-out of existing gas system on campus,
with repairs as necessary.

Description

- ▶ Performed mark-out of entire gas system, utilizing test holes to verify location of existing pipeline, valves and critical points
- ▶ Completed leak survey of entire gas system utilizing a flame ionization gas unit
- ▶ Repaired and documented all leaks found due to survey
- ▶ Provided customer with up-to-date as-built maps and valve cards to be utilized during emergency situations

Project Results

Completed this project safely, ahead of the original schedule,
under budget and with positive feedback from the customer.

Project Completion

Ongoing since 2005
